## in Papenburg

This guide to secondary schools was drafted by the Emsland district branch of the German Red Cross (Deutsches Rotes Kreuz, DRK) in partnership with the Municipality of Papenburg within the “JuMP” project (“Youth and Migration in Papenburg”). It is aimed at all pupils, and in particular, newcomers from abroad who have recently moved here. The guide is meant to provide information concerning secondary school enrolment and is applicable to all secondary schools in Papenburg.

Many thanks to all those responsible for the schools represented herein, for their valued contributions.

We hope that the present guide will help you to find the right school for your child.

Best wishes
